Dear Friends:

Welcome to the 1997-98 Directory of Montana Schools. Here you will find the names, addresses, phone and fax numbers of OPI staff, as well as schools and educational associations across Montana. I hope you will use this book to get in touch with others who, like you, help deliver education services in Montana. Communication among Montana educators is especially important as we embark on

the Montana School Improvement Initiative this year.

For those of you who are interested, this information is also available in database form on the Montana Education Telecommunications Network (METNET) or on OPI's Web page at http://www.metnet.mt.gov.

As always, there will be some changes in school personnel and address information during the course of the school year. Please call my office (444-3095) if you discover any changes that we need to make.

I know I use my *Directory* often. May yours be as well-thumbed as mine by the end of the school year.

Have a productive, fun-filled year!

Nancy Keenan

Vancy Keenan, Superintendent PO Box 202501 Helena, MT 59620-2501

STATE BOARD GOVERNANCE

Structure

The Board of Public Education, exercising general supervisory responsibility and in most cases acting on the recommendations of the Superintendent of Public Instruction, has a number of duties prescribed by law concerning the elementary and secondary schools of the state (e.g., accreditation and teacher certification). The control and supervision of the School for the Deaf and Blind is vested in the Board of Public Education.

The Board of Regents is vested with full power, responsibility and authority to supervise, coordinate, manage and control the Montana University System and also to

supervise and coordinate community college and vocational-technical centers.

The members of the Board of Public Education and the Board of Regents, meeting together, form the State Board of Education which has responsibility for submitting unified budget requests for long-range planning and for coordination and evaluation of policies and programs for the state's educational systems. The Governor serves as president and the Superintendent of Public Instruction serves as secretary of the State Board of Education.

Membership

The Board of Public Education and the Board of Regents each have seven voting members appointed by the Governor with the consent of the Senate. Neither board may have more than four voting members from the same congressional district nor from the same political party or organization. The term of office for appointed members is seven years, except for the student appointee to the Regents whose term varies. The Board of Public Education also has a nonvoting student member who has a one-year term.

The Governor, Superintendent of Public Instruction and Commissioner of Higher Education serve as ex officio. non-voting members on both boards.
